South Florida experienced a slight decrease in the number of fatalities over the past year. Through the ongoing efforts of the annual Safety Expo we provide **FREE** safety training and education to help reduce fatalities in our industry. With the recent slowdown in the construction industry, now is the perfect opportunity for participants to attend the Safety Expo, at no cost to participants! The Safety Expo is a tremendous opportunity for companies and organizations to provide the resources necessary to offer this day of **FREE** educational training to our workforce and help reduce fatalities and serious injuries in our industry. We have established the following three levels of participation;

- CORPORATE LEVEL (\$2,500)** – Corporate Sponsorships will give companies branding as a co-sponsor of this event along with the South Florida and East Coast Chapters of the AGC and Sheridan Technical Center. Corporate Sponsorships provide the Safety Expo with resources for training materials and to cover other expenditures associated with hosting this event. Sponsorship will include; company logo on all display signage, promotional materials, website and event programs and recognition in industry trade publications. (*Sponsorship will include specially selected booth space for the greatest exposure*)
- VENDOR LEVEL (\$250)** – Vendor Sponsorships will also provide the resources necessary to provide training materials and cover other expenditures associated with hosting this event. Sponsorship will include; company name on display signage, promotional materials, website and event programs and recognition in industry trade publications, booth space and two (2) complimentary tickets for food and beverages.
